

Eviction Resolution Pilot Program: Dispute Resolution Center Update April 2023

“ Thank you, you have been a tremendous help. Another family was able to get through a really tough time thanks to you guys.
- Tenant after receiving ERPP services ”

April Outlook/Update

Demand for ERPP dispute resolution and referral services remains high (fig. 1), though ERPP partners are beginning preparations for the program's sunset on June 30th, 2023. Pay or vacate rent notices have been steady since August 2022, averaging more than 7,000 per month statewide.

The April statewide ERPP case volume decreased somewhat compared to March (fig. 1).

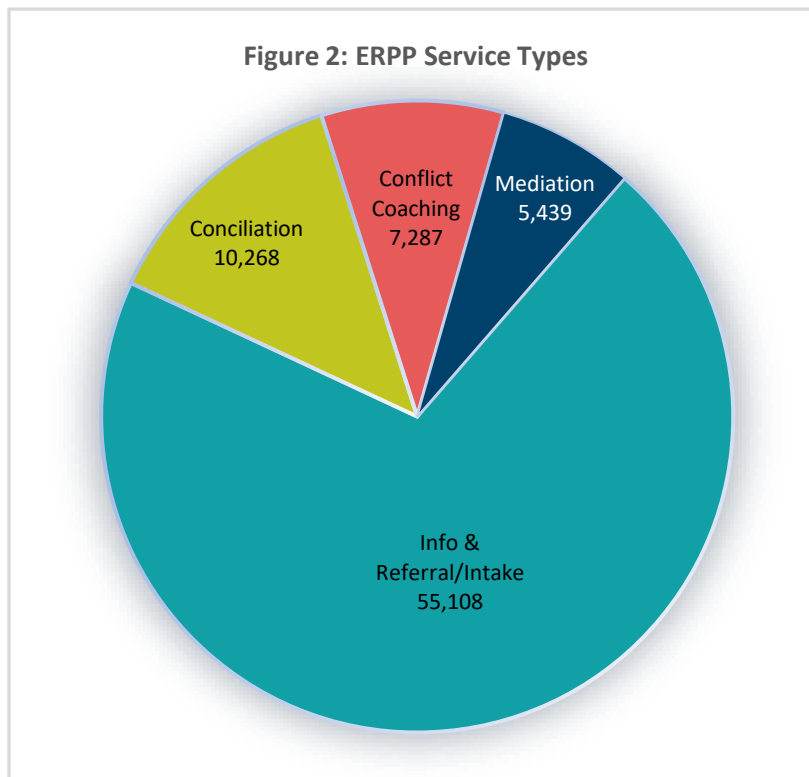

- King and Spokane Counties generated more than 55% of the total ERPP April notices received statewide.
- The average statewide tenant response rate was 53% for cases closed in April.

As rental assistance drops from \$675 million in 2020-22 to approximately \$40 million per year in 2023-24, DRCs are adjusting to help tenants and landlords navigate reductions in assistance.

- Current median case duration measured during the November 2021 to April 2023 period was 30 days and cases that required more intensive services, such as mediation and conciliation, took a median of 48 days to close as the participants worked toward resolution.

As of April 30, 2023, the DRCs reported the following on cases closed since the program’s launch in July 2021:¹

- The ERPP Notices received represented a combined total of **170,919** tenants and landlords. Many of these are quickly resolved without a certificate of participation needed, for example with current-month rent paid within a few days, assistance through information and referral, or with rental assistance. DRCs provide additional dispute resolution services for the remaining cases.
- DRCs also help parties with housing disputes in cases where the landlord does not want to issue a notice or tenants request conflict coaching without involving the landlord. More than 3,000 people have been served directly through this voluntary participation in DRC landlord-tenant services.
- **78,102** cases were closed and completed (depicted by service type in figure 2); and **33,179** certificates were issued.²

Entry into the ERPP process typically starts with Information & Referral and/or Conflict Coaching services. Once DRCs provide information and support, many of these cases may be resolved directly between tenant and landlord, or with rental assistance, without further involvement of the DRC needed. Often after receiving referrals the parties do not report an outcome to the DRC. The outcome is known for 47% of Info & Referral service cases and 64% of Conflict Coaching cases. Parties may also move through those stages and/or opt into Conciliation and Mediation services from the DRC.

¹ A few early cases may fall outside of ERPP due to cases covering rent owed from months prior to attestation (see Proclamation 21-09).

² Note the volume of cases closed at any given time is lower than the total number of ERPP notices received by DRCs. Some notices are for cases currently in progress. In some cases a landlord may issue more than one notice to a tenant and those may be combined into a single case to support client service. Additionally, some current month’s rent notices are resolved upon confirmation of rent payment before a case can be opened.

“

I think the program worked great! I appreciate everyone involved in helping us who are not comfortable asking for help.

- Tenant

”

- The overall settlement/agreement rate was **73%**.³
- Where outcomes were known, DRCs reported that in **94%** of mediations and conciliations the tenancy was preserved upon case closing.
- **661** tenants were served using an interpreter due to clients' limited English proficiency or preference.
- **3%** of tenants had legal representation during the conciliation stage and **8%** of tenants had legal representation during formal mediation. DRCs provide legal resources information to all tenants and facilitate access to legal aid where requested by the tenant.

Demographics of the ERPP clients surveyed statewide during July 2021 through April 2023 were the following:⁴

- Race/Ethnicity: 52.8% White; 24.0% Black/African American; 7.1% Other; 4.9% Native Hawaiian/Other Pacific Islander; 3.9% Asian; 3.7% Multiracial; 3.0% American Indian/Alaska Native; 0.6% Indian/South Asian.
- Non-Hispanic or Non-Latino/a: 26.4%; Hispanic or Latino/a: 7.7%; No Response: 65.9%.
- Annual Household Income: 42% was at or below 100% of the Federal Poverty Level (FPL); 31% was at 101-200% of FPL; 16% was at 201-300% of FPL; 11% was above 300% of FPL.

Program Background

In April 2021, the Legislature established the Eviction Resolution Pilot Program (ERPP) under E2SSB 5160 (codified in [RCW 59.18.660](#)). [Resolution Washington](#) and [Washington Courts](#) contain further background and details of the program, including 1-minute ERPP videos in [English](#) and [Spanish](#).

“

I think that [the ERPP process] helped the tenants know that things were serious, but also that more help was available for them to reach out to. They don't have to face a landlord on their own.

- Property manager

”

³ The rate is based on cases where the outcome was known, such as in conciliations, mediations, and where the DRC was notified that the dispute was resolved through rental assistance.

⁴ Excludes “No Response” and “Unknown” categories, except for Hispanic/Latino Origins, which includes “No Response.” Percentages may not sum to 100 due to rounding.
